

## Regional Energy Profiles

### Notice to Readers:

The Energy Market Maps, Energy Infrastructure Maps, and Renewable Energy Maps were removed from the Energy Information Administration (EIA) web site on June 21, 2002, for national security reasons. We apologize for any inconvenience.

### Renewable Potential Maps

Please note that all 12 maps in the Renewable Potential Map series remain available on the EIA web site.

The Contents Page for the Renewable Potential Maps is located at the following URL:
